2.5 SEATER (R): W 2000 X D 1000 X H 640mm
L x D x H: Seat Depth: 760mm X Seat Height: 400mm

TECHNICAL INFORMATION

STRUCTURE	We make our frames with solid wood that provides for exceptionally sturdy, long-lasting furniture pieces. We use engineered timber to further reinforce the hardwood frame on the sides and back.
SEATING	We produce all of our seat cushions with a high-quality, high-resilience foam core. On some of our designs, the high-resiliency foam is wrapped in fiber & placed in a channeled cotton casing with a blend of feathers, down & fibers
BACK	The loose back cushions can be crafted in either goose down/feather mix or fiber filling.
SUSPENSION	The seating of the frame is constructed with sinuous steel springs that are securely fastened and provide long-lasting support and comfort.
